

NEW MEMBERS GENERAL INFORMATION

The Morgan Sports Car Club ("MSCC") is for enthusiasts of Morgan cars. It is not necessary to own a Morgan to become a member. There are approaching five thousand members world-wide with a network of thirty five local Centres in the UK and forty-three affiliated Clubs in other countries.

The Club was formed in 1951 and was incorporated as a Limited Company in 1991. The affairs of the Club are managed by the National Committee, the members of which are elected into office and comprise Directors, Club Officers, Centre Secretaries and other co-opted members. This structure allows for the voice of the ordinary member to be heard while providing continuity in the running of the Club.

Centres & Affiliated Clubs

Throughout the country, Centres meet on a regular basis for noggins, trips, shows, social events, etc. Details each month can be found in the Club magazine, club website and Centre websites.

The Club also has strong links with many overseas Clubs and exchange of information is encouraged.

Club Magazine 'Miscellany'

This is produced monthly and is sent to all members. It includes details of Club activities; local, national and international, centre reports, technical articles, Club Officers reports, advertisements of cars for sale and other items of interest.

The editor of the magazine encourages articles and photographs from members of Morgan related items.

Regalia

Club regalia is available using the website shop, including the Club car badge (members only). There is also a Bookshop selling books both Morgan and Morgan related.

Details are on www.morgansportscarclub.com

Technical Services

The Club has a technical section that arranges for parts to be manufactured when necessary and can offer advice on older cars, and an archive section for historical details.

Competition

Affiliated to the Motor Sports Association (MSA), the Club runs an annual sprint, production car trials and a race meeting. It also participates in autotests, sprints, speed hill climbs, circuit races and trials.

Annual MOG Event

This is held at a different venue each year and details are given in the magazine. It is an opportunity to see a large gathering of Morgans and participate in a week-end of social and competitive events.

Members' Benefits

There are a number of members' benefits which are detailed on the club website.

Car Register

Car details are requested on the membership application form to help compile a historical register of Morgans. This information is protected by the Data Protection Act.
