CAR OF THE MONTH

PLUS 8 MORGAN – M66MOG

First registered in February 1995 in the Lake District, I acquired this plus-8 in March 2013, by which time the car was in a slightly shabby condition and needed considerable care and attention. This was duly administered by a number of specialists over the next couple of years, in particular by Tim Ayres (New Elms), which resulted in this fine example.

Of note are, the engine, exhaust systems and internal trim. Since then I have used the car regularly which is exactly what the MOG needed, that and thorough servicing to prevent any recurrence of decline. Before retiring I often commuted dry sunny days now at just over 39,000 happy miles this delightful car is in her prime, regularly maintained by the excellent team at New Elms and it still drives beautifully.

Circumstance enforces sale and I have to part with this excellent and well "fettled"

Plus 8, hence reduced price, £22,500 ono WAS £24,500.

1948 Morgan 4/4 DHC 4 seater. This is a very rare collectors car, supplied by Morgan to the Colmore dept in Birmingham as a DHC chassis with a standard engine. There, a 4 seat dhc body was fitted with a tickford type hood. See page 208 in Webbs "morgan an english enigma" In 1960 the car received a comprehensive rebuild by Morgan, with a new chassis etc, after a substantial accident in London, Morgan could not supply a new flat rad radiator for the car so a curved cowl was fitted which the owner insisted it was chromed, as it is today. The car is painted Black with original Black trim and is very sound and drives well. It has obviously benefitted from considerable work to the engine and running gear in the recent past and the body and trim is very original but presentable. This is a very rare opportunity to buy an original, very unusual Morgan. £18,980 or p/ex Plus 4, flat rad 4 - seater or Simmonds dicki coupe car. Tel 07768 933410 (Kent)
